

Hello, Please do not hinder the rights of Satellite Radio, I pay for this service and feel it must be allowed to provide all coverage in music, news, sports, weather, traffic.

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of premium programming that I demand and deserve.

Thanks,

Ken Prince
